Please provide a google earth map

I understand the importance of ITGAP and have read and understand all applicable rules and standards as published on the ITGAP web site and or printed form. I agree to follow all rules and standards of ITGAP.

I understand the importance of intellectual property rights to the further development of turfgrass cultivars and as and ITGAP member I will uphold all government issued patent rights granted to a turfgrass cultivar in production by companies owned whole or in part by me and /or my partners and will honor UPOV treaty provisions of intellectual property rights regardless whether the country where my/our ITGAP production is located is a signed party to the UPOV treaty or not.

I understand that failure to comply with the above intellectual property rights and rules of ITGAP will cause immediate revocation of all rights and privileges of ITGAP membership.

Signed: _____

In addition to the above please provide a narrative giving the following information:

Primary business of applying company and/or owners

Experience in the turfgrass industry including grassing projects and or other involvement,

Plans and goals for new turfgrass production farm(s) including anticipated production hectares, varieties and timelines

Anticipated market region, type of customer base and current sources of turfgrass products for the customer base

How will membership of your farm in the ITGAP enhance the demand value and use of ITGAP Certified turfgrass in your market region

What will be your monetary commitments to the enhancement of ITGAP
Certified turfgrass in your market region

Please email the application and narrative to:

ITgap@gacrop.org
